LILUOKALANI FILES OBJECTIONS

(From Thursday's Advertiser.)

The contest of the will of the late Prince David Kawannanaka is slowly developing in the courts. It gives every indication of proving one of the grandest legal fights ever waged in the courts of the judicial circuit.

Yesterday was filed by her guardian, Mrs. Campbell Parker, the formal objection of little Liluokalani Kawannanaka, one of the children of Prince David. The objection is to the probate of the purported will offered or to be offered by J. F. Colburn. The first formal ground set out is that the said purported will is not the last or any will of the decedent. The more definite grounds of objection are contained in the second and third paragraphs of the document, and, stripped of some of the legal phraseology, these are as follows: That the said alleged or purported will is unfinished, incomplete, ambiguous, unintelligent and inoperative; that the intention of the testator can not be gathered therefrom, and that the same is void.

That the document offered was, if subscribed, etc., in and for his last will and testament, so signed, etc., through and by virtue of undue influence exercised upon and over the said David Kawannanaka, deceased, at the time of the alleged purported subscribing, etc.

In the Supreme Court.

In the Supreme Court this morning the case of the Territory vs. G. E. Schaefer will be heard. This is the case to test the automobile speed limit ordinance.

In the afternoon the case of Solomon Kahane et al. vs. William Laa will be heard at 2 o'clock.

Candy Trust Gets Nothing.

The suit of the National Candy Company against J. O. Luttet, an assumption suit for \$600, which has been on trial before Judge De Bolt and a jury for the past two or three days, came to an end yesterday afternoon with a verdict in favor of the defendant. The jury were out only a few minutes. W. W. Thayer appeared for the plaintiff and F. W. Milverton for the defendant.

Suit for Divorce.

Eliza Gilman has filed suit for divorce from George Gilman, charging him with non-support. The couple have been married for six years and there is one child.

AFTER A LONG FIGHT DOCUMENT RECORDED

The deed and judgment by which the Waterhouse property at Waikiki was transferred to the United States of America were yesterday filed for record with Registrar Merriam.

These are the conveyances over which was fought the long fight as to whether, under the amended law, the Registrar could be required to "record" maps and plans, the statute providing for their "filing" in his office. This deed and judgment, each of which contained a map of the property conveyed, was tendered to Merriam to be recorded, and were by him refused for record under this statute. Mandamus proceedings were begun to compel him to record them. Judge Dole refused the mandamus, holding that the law did not require the Registrar to record maps but only to file them.

An appeal was taken by the United States to the Circuit Court of Appeals for the Ninth Circuit, and Judge Dole was then reversed, and it was directed that the mandamus should issue. The formal writ, which is a bulky document, setting forth the proceedings in the case and the judgment of the court, was served on Registrar Merriam day before yesterday by United States Marshal Hendry. The deed and judgment were then filed for record and will be recorded in due course.

The deed is dated July 9, 1905, and the judgment July 14, 1905. Thus it is nearly three years since the documents were first offered for record.

MORTUARY RECORD FOR PAST SEPTEMBER

The report of D. P. Lawrence, Registrar of Vital Statistics, for the month of September has just been issued. It shows that the number of deaths in Honolulu during the month was 77. COLORADO'S SILVER SERVICE

SAN FRANCISCO, October 6.—The silver service for the cruiser Colorado was formally presented by the authorities of that State today.

The Denver Post of August 4 describes the silver service as follows:

It takes more than a silver punch bowl to express Colorado's appreciation of the honor of having a mighty cruiser named for her.

Colorado is the first State to give a complete dinner set to the vessel which takes her name.

Although it took considerable time to accumulate the funds for an appropriate gift to the Colorado, the silver service is so handsome that it will long be the talk of the country. The last Legislature appropriated \$4000, by popular subscription \$900 was raised, and The Post made up the deficit, so that the bid of \$5900 by Symman Brothers could be covered.

Less than two months ago the contract was awarded after competitive bids had been submitted. The cruiser committee is composed of former Governor Jesse McDonald, former Governor Alva Adams, Meyer Friedman, John McDonough, Henry Russell Ray and Governor H. A. Buchtel.

This committee will go to San Francisco, where, August 22, the formal presentation will be made.

The set which Colorado will present to the cruiser is in the old Paul Revere pattern. For simplicity and elegance

it was selected. The design is named for Revere, who was a silversmith before he became a hero, immortalized by Longfellow.

Thirty-six persons can be served a complete dinner with the service of the Colorado. There are 597 pieces, each one bearing Colorado's coat-of-arms embossed upon it, from a pattern large enough to look well on the steak platter to one which the small coffee spoons will accommodate.

There are 3000 ounces of silver in the service, which includes two candelabra, two covered entree dishes, two covered vegetable dishes, six compotes, two fish platters, two meat platters, two serving trays, four bread trays, thirty-six service plates, two water pitchers, one after-dinner coffee pot, one sugar bowl, one cream pitcher, one coffee pot, one teapot, one waste bowl, one teakettle, one waiter, eighteen salts and peppers, seventy-two spoons, thirty-six dessert forks, thirty-six table forks, eighteen table spoons, thirty-six dessert knives, thirty-six dinner knives, thirty-six soup spoons, thirty-six coffee spoons, thirty-six sherbet spoons, thirty-six oyster forks, thirty-six salad forks (individual), thirty-six fish forks (individual), and thirty-six butter spreaders. The weight, avoirdupois, is 700 pounds.

The set will be encased in a handsome mahogany chest.

WAS THE FLEET SEEN IN MIRAGE?

From Thursday's Advertiser.)

What is believed to have been a very vivid and striking mirage, was seen by a number of people living on the Waikiki beach yesterday morning soon after six o'clock. A family living not far from the Lewers property while at breakfast saw from the dining room which looks out on the ocean what seemed to be the Pacific fleet just coming over the horizon. Apparently six or seven of the cruisers could be made out at regular distances from one another, and the smoke of their stacks could be described. So certain were those who saw the phenomenon that it was the fleet, which was due and expected about that time, that it was not attempted to examine in detail the visual picture presented. One of the family called to a neighbor that they could see the fleet coming.

After breakfast the children of the family went out to play and they shouted to the children of neighbors calling their attention to what they thought was the fleet coming.

Later the phenomenon disappeared and when it was learned the fleet had not arrived and had not been sighted, it was assumed that what had been seen was a mirage. One of those who saw it noted that the fleet or the vessels of the fleet did not seem to be coming directly toward Honolulu, but were pointed a little to the westerly of that port as though heading for Pearl Harbor or even further west than that.

The time at which this phenomenon, whatever it was, was seen, was at the hour when mirages are most apt to be seen, early in the morning just about as the sun is rising.

If what was seen was the fleet in mirage, as it must be something like three hundred miles away at least, it is quite marvellous.

NO DANGER.
